The Superintendent Govt Printing requests that the order of Govt sanctioning the proposal of the Comptroller & Auditor General that the binding of Vouchers & Returns in book form be done in his own office at an annual cost of Rs. 250/- & the curtailment of Rs. 10,000 allotted to the Press by that scheme may be reconsidered on the following grounds:-

1. That there is no necessity for the new course inasmuch as the work being quite ordinary, it can be done in the Press, or at the Comptroller's office, as heretofore, by deputing one or two Press Work Binders for the purpose as occasion arises.
2. That on former occasions Govt. refused consideration to the Chief Court and Director of Archæology wanted a small press to be attached to their respective offices to attend to their work
3. That there would be no saving to Govt. by the new course.
4. That the present allotment of Rs. 60,000 is not sufficient
5. That a further curtailment will entail fresh application to Govt. for further allotment.
6. That the Comptroller did not consult with Superintendent

submitting his proposal thereon.

The order of Govt. need not be interfered with. If further application is made by the Comptroller, the Supdt. of the Press will be consulted before sanctioning. Record with this obsn.

Sir,

With reference to Govt Procgs. No. Fl. 1528-9, dated 16th March 1903, sanctioning the proposal of the Comptroller regarding the binding of vouchers and returns in book form at a cost of Rs. 250 per annum by engaging one or two binders in his own office, in lieu of Book Transfer on this account of the amount to the extent of Rs: 450, being the cost of 700 skeleton files, supplied by the Press, and further sanctioning curtailment of the Rs: 10,000 allotment of the Press by Rs: 250/-, I have the honor to invite attention of Govt: to the fact, that the Comptroller has not consulted me on this point, nor made correct estimate

Report

before submitting proposals to Govt: I have to point out that the work being quite ordinary, (I have myself inspected the kind of binding) the same can be done in the Press, or at the Comptrollers Office as heretofore, by deputing one or two Piece Work Binders for such purpose as occasion arises. This has been the custom for a long time, and I do not see the necessity for adopting a new course now. Govt: have on this score refused consideration on former occasions when the Chief Court and the Director of Archæology, wanted a small Press to be attached to their respective Offices to attend to their work. The materials are supplied by the Stationery Depôt, and the binding is executed at Press. Hence — there is no saving to Govt: in allowing the Comptroller to execute the binding but the reverse as he must engage a staff and purchase materials whilst at present the ordinary Piece Work staff does the work and the materials, are bought out of the ordinary allotment. Under these circumstances I beg that the order of Govt may be reconsidered. The work as usual will be done by the Press. The present allotment of Rs: 10,000 is not sufficient, and a further curtailment of this will only entail fresh application

to Govt: for further allotment for materials, and necessitate further estimate being prepar-
and correspondence entered into.
